Why Does Monkey World Need Your Gift?

Since Monkey World first opened its doors in 1987 with the purpose of providing a permanent stable home to our closest living relatives, we have been an organisation that has had to fund ourselves. Since we are not a charity we do not receive any additional funding like grants, which is why your legacy gift is so important to us.

Today, we work with foreign governments all over the world to stop the smuggling, abuse, and neglect of monkeys and apes from around the globe. Since the rescue of the abused Spanish beach chimpanzees in 1987, we are now a 65 acre sanctuary with over 250 primates of more than 20 different species that call Monkey World their home.

All of these monkeys and apes have been rescued from the UK pet trade.

Over the last 37 years we have continued to grow, and care for more abused and unwanted primates from around the globe. In 2015 we needed to build a new marmoset complex to help house victims of the pet trade, and in 2018 we launched a campaign aimed at stopping the trade and abuse of monkeys that can legally be kept as pets here in the UK. Since our beginnings we have been home to over 130 of these individuals, who come to us with various social, physical and psychological problems. To date we have spent more than ½ million pounds building facilities, rescuing, and caring for these individuals alone.

Our increased number of residents mean that legacy gifts are vital to our rescue work. Your legacy will not only help us to rehabilitate and care for our resident monkeys and apes, but also help with future rescues, giving us the confidence to continue to plan new homes, enclosures and futures for primates in need. We must secure a sound financial footing as many of our rescued apes live for 40 years or more.

Create A Life Saving Legacy

An up-to-date will is the only way to ensure that your money, property, possessions and investments (known as your estate) go to the people and causes that are important to you. You can arrange your gift in several different ways, but we recommend that you seek legal advice to ensure your wishes are just as you want them.

	TYPE OF GIFT	WHAT THIS MEANS	EXAMPLE WORDING FOR YOUR WILL*
	A SPECIFIC GIFT	A particular object that you wish to give someone in your will, like a piece of jewellery, a painting, a car, or a house	I give (details of the specific item) absolutely to the Ape Rescue Trust, Monkey World, Longthorns, Dorset BH20 6HH. It is my wish that it shall be applied for the benefit of the Ape Rescue Trust in any way they see fit and I declare that the receipt of the authorised officer shall be a good and sufficient discharge to my executors for the payment to the Ape Rescue Trust.
	A NON-SPECIFIC GIFT	A general gift such as "all my personal possessions"	I give (details of the non-specific gift) absolutely to the Ape Rescue Trust, Monkey World, Longthorns, Dorset BH20 6HH. It is my wish that it shall be applied for the benefit of the Ape Rescue Trust in any way they see fit and I declare that the receipt of the authorised officer shall be a good and sufficient discharge to my executors for the payment to the Ape Rescue Trust.
	A PECUNIARY GIFT	A specified sum of money	I give the following pecuniary legacy: To the Ape Rescue Trust, Monkey World, Longthorns, Dorset BH20 6HH the sum of £..... It is my wish that it shall be applied for the benefit of the Ape Rescue Trust in any way they see fit and I declare that the receipt of the authorised officer shall be a good and sufficient discharge to my executors for the payment to the Ape Rescue Trust.
	A RESIDUARY GIFT	All that is left in your estate after any debts, bills and taxes have been paid, and all specific and non-specific gifts have been distributed. You can give the whole of the residue, or a portion of it, to a person or an organisation like Monkey World. Residuary gifts are a common way of ensuring all your remaining property passes to your chosen beneficiaries	I bequeath the whole /% of the residue of my estate absolutely to the Ape Rescue Trust, Monkey World, Longthorns, Dorset BH20 6HH. It is my wish that it shall be applied for the benefit of the Ape Rescue Trust in any way they see fit and I declare that the receipt of the authorised officer shall be a good and sufficient discharge to my executors for the payment to the Ape Rescue Trust.

**Please note this is just example wording and we recommend that in all cases you discuss your personal requirements with your legal advisers*

Information for Executors

If you are administering the estate of someone who has left a legacy to the Ape Rescue Trust, our 100% fund at Monkey World, please get in touch by emailing MWOoffice@monkeyworld.org or by calling 01929 401005.

There are some details we will need from you in order for us to assist you:

- A copy of the will and any codicils
- A schedule of assets and liabilities for the estate (for residuary shares)
- Date of death
- The full name and address of the person who has left us the gift

We require this information before any payment is made to us.

Bequeathing A Gift To Monkey World

The thought of making your will can be a daunting and not very pleasurable thought, but be reassured you have the ability to make a real difference and bring benefits long after you have passed. Leaving a gift to Monkey World is a powerful way to ensure your commitment to primate welfare and conservation is remembered.

Legacies are paid into the Ape Rescue Trust which is a 100% fund for the monkeys and apes at Monkey World. With no running, or administration costs being taken from it, you can be certain that every penny goes to our primates. By including the Ape Rescue Trust in your estate plans, you become a guardian angel for those who cannot speak for themselves, helping us to provide a brighter, happier and stable future for monkeys and apes in need, around the globe.

Monkey World is not a charity and therefore there is no registered charity number. We do not feel it would be beneficial for our monkeys and apes for us to be structured as a charity, with having a Board of Trustees overseeing vital animal welfare issues and rescues. Decisions on rescues often need to be made with immediacy for the health and welfare of the individual. Having to wait for decisions from a Board of Trustees with differing opinions would not be advantageous or good. We believe making key decisions for the health and welfare of the primates at park should be left in the hands of Alison, Jeremy, and their dedicated team.
